INTERNATIONAL DYSPHAGIA
CONCLAVE 2024

IDC2023, GOA

THE CALLING...

After the grand success of the first International Dysphagia Conclave at Goa, there is a new wave created in the world of deglutology. We will not shy away from taking the credit for it. The team SLPQuest shall soar new heights and depths of such milestones again and again. It's time for us to showcase our mettle, this time by the mighty forts. We are committed towards uniform education before uniform healthcare. Let us show you and make you a part of an extravagant event in the recent times in India, echoing its intent to the world from the pink city of India, Jaipur.
